Table of Allotments,)
FM Broadcast Stations)
(Turrell and Wilson, Arkansas))

To: Chief, Policy & Rules Division
Mass Media Bureau

SUPPLEMENT TO PETITION FOR RULE MAKING

Pollack Broadcasting Company, Inc. ("PBC"), by its attorneys, hereby supplements its Petition for Rule Making in the above-captioned matter by the report of information which has a critical bearing on this proceeding.

PBC, in its petition, is seeking to have the city of license of FM station KAFW (now Wilson, Arkansas) changed to Turrell, Arkansas. Not only does Turrell lack a local transmission service, but no community within ten miles of Turrell has any such service. Turrell residents do have a number of reception services from Class C stations licensed to communities in Tennessee. However, historically those stations have paid scant attention to the needs and interests of Turrell. This underdeveloped section of eastern Arkansas has a distinct need for a radio station of its own.

The PBC petition also reflected the petitioner's intent to have the city of license of AM station KOSE changed from Osceola, Arkansas to Wilson, in order to preserve the availability of a local transmission service for that community.¹ From all indications, the Policy & Rules Division was reluctant to proceed with the proposal to move KAFW to Turrell because of its concern that adoption of the PBC proposal risked depriving Wilson, Arkansas of its only service.

On October 9, 1996, the Commission's Audio Services Division granted the application for a change in the city of license of AM station KOSE from Osceola to Wilson, Arkansas. A copy of the public notice of that action is attached hereto.

As a result of the October 9 action by the Audio Services Division, the contingency previously perceived by the Policy & Rules Division in the PBC rule making proposal has been eliminated. Moreover, in the wake of the grant of the AM application, Wilson now has a second local transmission service, whereas Turrell still has none.

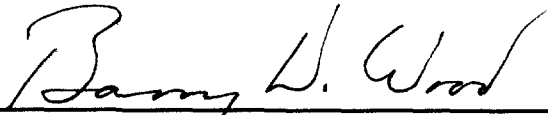

¹ At the time the Petition was filed, PBC was the licensee of KOSE(AM) and KOSE-FM, Osceola, Arkansas. Effective August 31, 1996, pursuant to Commission approval, the licenses of stations KOSE(AM) and KOSE-FM were assigned by PBC to Newport Broadcasting Company. Newport Broadcasting Company is contractually obligated to complete the licensing of KOSE(AM) as a Wilson station. Counsel for Newport Broadcasting Company has kindly authorized the undersigned to state that Newport Broadcasting Company is expected to file FCC Form 302 confirming that change within the coming 30 days.

In order to rectify this imbalance, the Policy & Rules Division is hereby requested to proceed to make PBC's plan the subject of a notice of proposed rule making and, following public comment, to issue a report and order changing the city of license of KAFW to Turrell, Arkansas.

PBC hereby reiterates its commitment to file an application on FCC Form 301 to confirm the change in city of license from Wilson to Turrell for KAFW promptly following this issuance of such a Report and Order. Upon the grant of such Form 301 application, PBC will also file a covering license application.

Respectfully submitted,

POLLACK BROADCASTING
COMPANY
